

ST. JOSEPH CATHOLIC SECONDARY SCHOOL
COURSE OUTLINE

Communications Technology – Grade 11 TGJ3M

Course Prerequisite - None

Course Description:

This course requires students to complete a range of communications technology projects. Students will learn to transfer information using electronic, live, and graphic communications methods. The knowledge and skills they will develop will provide a basis for careers in areas such as publishing, advertising, print production, animation, photography, and journalism.

Catholic Graduate Expectations:

Students are expected to use technology in ways that support the Catholic graduate expectations by being a discerning believer formed in the Catholic Faith Community, be an effective communicator, being a reflective, creative and holistic thinker, a self-directed responsible lifelong learner, a collaborative contributor, a caring family member and a responsible citizen.
